Strategic themes

CLIMATE & ENERGY

Addressing climate-related risk whilst meeting the world's growing energy needs is key to supporting **sustainable development**

ENVIRONMENT

Conserving the natural environment is a priority to achieving sustainable development

OIL SPILL

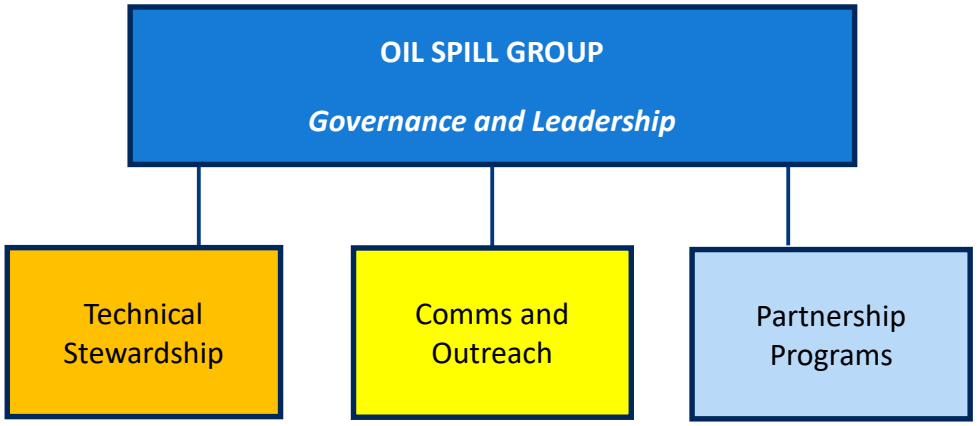
Preparedness and response for oil spills is key to **minimizing impacts** on the environment and society

SOCIAL RESPONSIBILITY

Improving social performance can have a positive impact on oil and gas operations as well as the communities in which they operate

The Oil Spill Group – 2019 /20 Work Program

we develop and disseminate good practice to enable the industry and stakeholders to improve oil spill preparedness and response globally



Technical Stewardship

- Implementing good practice – focus on sharing experiences, lessons and opportunities to embed good practice
- *Surveillance Strategy*
- *Sampling & Monitoring technical guidance*
- *Remote Infrastructure tech guidance*
- *Further develop Forwards Planning…*
- *Shoreline Response Program tech guidance*

Comms & Outreach / In-reach

- Represent / present at triennial OSPR Conference
- Coordinate with IOGP Environment, Geomatics and Metocean Committees
- Regulator–industry meetings
- OSPR conferences and meetings

Partnership Programs – GI

- Interim Support Project for the Caribbean Regional Activity Centre (REMPEITC)

ipieca

IMO – IPIECA GI & other Regional Programs

Working in Partnership since 1996

- Extraordinary success - working together to improve oil spill preparedness and response in many regions of the world
- In excess of **200 workshops** over a combined **35 years** of program experience of building capacity in **43** countries.
- In GI-WACAF alone there have been **113 activities** engaging with **5904 participants**, since 2006
- With the addition of REMPEITC, **one third** of all maritime states will be covered by an IMO/IPIECA regional program
