

30% Government Subsidy for Singapore Courses Fees

In spite of the challenging economic landscape, Oil Spill Response believes the need for training and developing personnel still remains. To encourage companies to make training a more significant priority, we are pleased to offer local training delegates a 30% fee subsidy for selected published courses, thanks to our successful application for the Maritime Cluster Fund offered by the Maritime Port Authority of Singapore.

The subsidy will benefit Singapore citizens and Permanent Residents and is applicable to the following courses:

| Course Title | Course code | Commencing Date |
|---|------------------|--|
| Oil Spill Clearance Course (5 days) | SCLR06 SCLR07 | 24th August 2009 30th November 2009 |
| Oil Spill Management IMO Level 3 (4 days) | SMAN07 | 7th September 2009 |
| Awareness of HNS Substances (1 day) | SHNS03 | 11th September 2009 |
| Shipping Course (2 days) | SSHP07 | 22nd September 2009 |

**The 2010 Calendar of subsidised courses will be published at a later date.*

The subsidy is disbursed through the Maritime Cluster Fund, which is administered by the Maritime Port Authority (MPA) of Singapore. Aimed at facilitating the growth of the maritime cluster in Singapore, the Fund is available for the development of manpower, local training infrastructure and capabilities within the maritime industry.

Oil Spill Response's flagship Clearance course is one of the courses eligible for MCF subsidy and features hands-on deployment exercises as part of its course content.

In the past six years, Oil Spill Response Singapore has had a track record of conducting over **150** courses and training more than **4,000** delegates from Singapore and the Asia Pacific region. Our commitment to delivering quality oil spill response courses means you can be sure of benefiting from expertise that is backed by current oil spill response experience.
