
Industry Technical Advisory Committee

Plymouth, UK, September 2017

Welcome & Introduction

Your co-hosts

PML | Plymouth Marine Laboratory

- OSRL is the largest international industry-funded cooperative which exists to respond to oil spills wherever in the world they may occur, by providing preparedness, response and intervention services.
- With a strong track record in excellent marine science over four decades, PML is committed to addressing the challenges facing our ocean today for the benefit of us all.

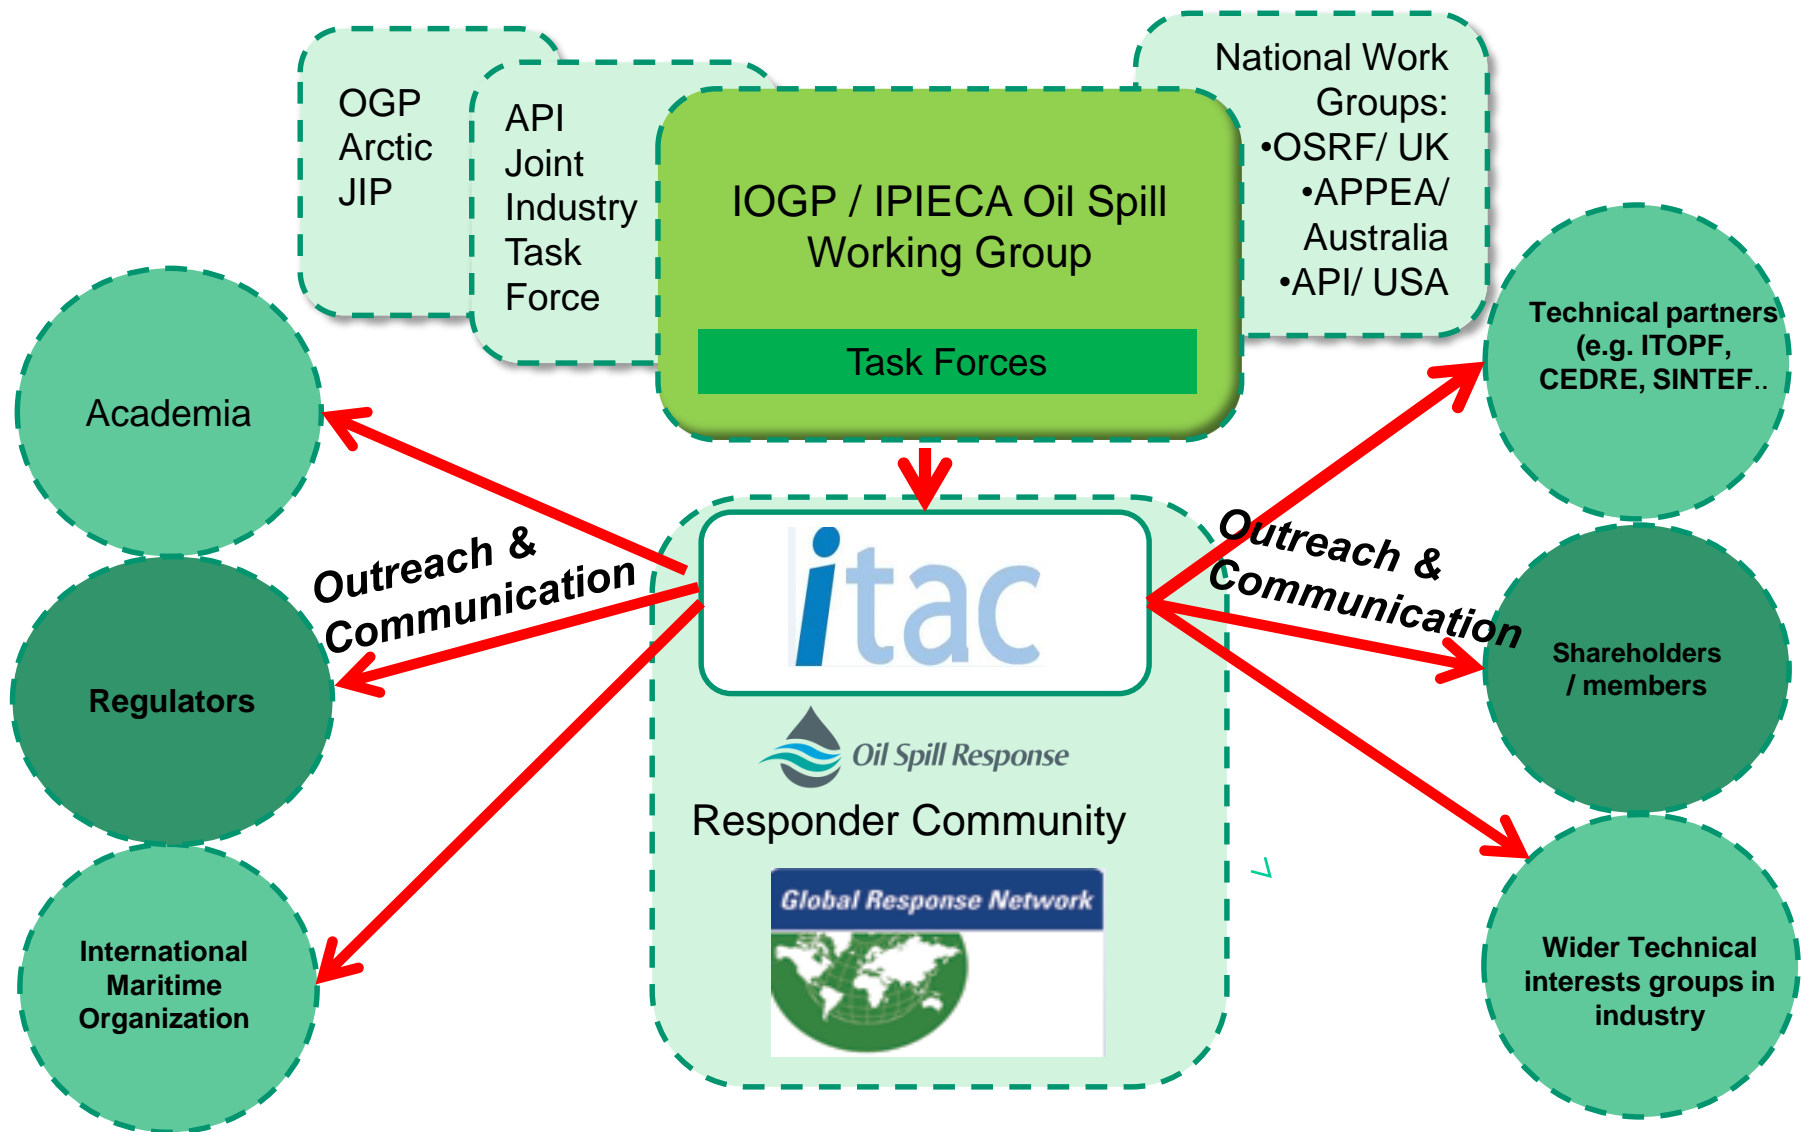

ITAC Heritage

- Oil Spill Response Limited (OSRL) Technical Advisory Committee (~25 years)
- 2000 – re-launched, post industry mergers
- Close association with IPIECA Oil Spill Working Group
- Website and technical papers
- Paused after Macondo
- Re-launched again 2012
 - Networking, info sharing, outreach with wider response community
 - Technical engagement for OSRL

Meetings: Post Macondo

- 
- A world map with a light gray background and dark gray outlines of continents. Six blue water drop icons are placed on the map, each corresponding to a meeting location and year listed to its right. The locations are: Southampton UK (2012), Singapore (2013), New Orleans, LA (2014), Brest, France (2015), Woods Hole, MA (2016), and Plymouth, UK (2017).
- 2012 Southampton UK
 - 2013 Singapore
 - 2014 New Orleans, LA
 - 2015 Brest, France
 - 2016 Woods Hole, MA
 - 2017 Plymouth, UK
