Oil Spill Response Limited (OSRL) is a proud participant of IOSC 2017 and an active partner of the Triennial Conferences. We are pleased to share with you our conference agenda and hope you find our contributions interesting and beneficial.

May 15-18, 2017 | Long Beach Convention Center, Long Beach, CA

---

**Session Chairs**

1:00 to 2:30 pm | Platform 1: Session 3
Laws and Policy
Andy Nicoll, OSRL's Advocacy Manager

1:00 to 2:30 pm | Platform 1: Session 4
Response Technology: Dispersants
Paul Schuler, OSRL's Director for Regional External Affairs

**Paper presentations**

1:00 to 2:30 pm | Platform 1: Session 2
Oil Spill Preparedness Assurance in a Post Macondo World
By Geeva Varghese, OSRL's Australia Representative and Marty Cramer, Principal Emergency Response Consultant at ConocoPhillips

**Poster Presentations**

11:00 to 12:00 pm
Meet the poster authors

Case Studies: Application of Oil Spill Response Good Practice Guides for Inland and Near-shore Operations
Presented by Amanda Chee, OSRL's Senior Consultant

Does the Current Global Training Curriculum Meet the Needs of Exploration and Production?
Presented by Aaron Montgomery, OSRL's Senior Trainer

Dispersant technical information sheets – conveying multifaceted toxicity and effectiveness data
Presented by Rob Holland, OSRL's Development & Assurance Lead (Techniques)

Development of Cold Weather Training Courses
Presented by Jonathan Cook, OSRL's Response Specialist

Maximising the Use of Containment and Recovery Systems in Rivers and Estuaries with Enhanced Encounter Techniques
Presented by Rhys Jenkins, OSRL's Senior Responder

Using the Tiered Preparedness & Response Framework to Support Incident Management Decisions
Presented by Rhys Jenkins, OSRL's Senior Responder

Oil Spill Response – Developing Offshore Cold Weather Response Capabilities
Presented by Jonathan Cook, OSRL's Response Specialist

Global Dispersant Stockpile Preparedness: Product Selection & Inventory Management
Wednesday, May 17

Session Chairs
8:00 to 9:30 am | Platform 3: Session 13
Evolving Approaches to Mapping
Rob Holland, OSRL's Development & Assurance Lead (Techniques)

1:00 to 2:30 pm | Platform 5: Session 24
Trans-boundary Response
By Robert Limb, CEO of OSRL

1:00 to 2:30 pm | Platform 5: Session 25
New Aspects of Response
Technologies
Kurt Kriter, OSRL's Regional Director (Americas)

8:00 to 9:30 am | Platform 3: Session 11
Subject Matter Experts – Nature vs. Nurture
By Dave Rouse, OSRL's Development & Assurance Lead (Technical), Andrew Couch, OSRL's Response People Manager and Dean Wasche, Global Learning & Development Manager

8:00 to 9:30 am | Platform 3: Session 11
Designing and Developing Exercises to Enhance Capability - A Meta Analytic View
By Geeva Varghese, OSRL's Australian Representative, Paul Foley, OSRL's Operation Manager, and Tom Coolbaugh, Oil Spill Response Advisor (Exxon Mobil)

10:00 to 11:30 am | Platform 4: Session 16
Sharing Good Practice Throughout the Responder Community: Ten Years of the Global Response Network
By Andy Nicoll, OSRL's Advocacy Manager and Robert Limb, CEO of OSRL

10:00 to 11:30 am | Platform 4: Session 19
Coral Toxicity Research for Determining Thresholds for Dispersant-Use NEBA Calculations
By Paul Schuler, OSRL's Director for Regional External Affairs

1:00 to 02:30 pm | Platform 5: Session 24
The Development of Trans-Boundary Spill Response Cooperation across West, Central and Southern Africa
By Clément Chazot, GI WACAF Project Manager (IPIECA)

Thursday, May 18

Session Chairs
8:00 to 9:30 am | Platform 7: Session 31
Health and Safety
Declan O’Driscoll, OSRL’s HSEQ Director

10:00 to 11:30 am | Platform 8: Session 36
Improvements in Preparedness
By Geeva Varghese, OSRL's Australia Representative

10:00 to 11:30 am | Platform 8: Session 40
Effective Planning for Dispersant Operations – Making Decisions, Analyzing Options and Establishing Capability
By Geeva Varghese, OSRL's Australian Representative, Lucy Heathcote, OSRL's Commercial Manager, Aaron Montgomery, OSRL's Senior Trainer, Andy Nicoll, OSRL's Advocacy Manager, and Tom Coolbaugh, Oil Spill Response Advisor (Exxon Mobil)

10:00 to 11:30 am | Platform 8: Session 40
The Evolution of a Dispersant Spraying Platform from Turboprop to Jet Engine Aircraft
By Claudia Caetano, OSRL's Dispersant Response Specialist and Daniel White, OSRL's Response Aviation Manager.

12:30 to 2:00 pm | Platform 9: Session 43
TROPICS Field Study (Panama), 32-Year Site Visit Observations and Conclusions for Near Shore Dispersant Use NEBA and Tradeoffs
By Paul Schuler, OSRL's Director for Regional External Affairs
